

There are many wildlife animals and plants around the course. Protect our precious nature.

We are the Mt. Usu family!

# Footpath Konpira and Nishiyama Course Trail Map

**Mt. Konpira**  
Erupted in 2000 Yu-kun and Tama-chan craters formed.

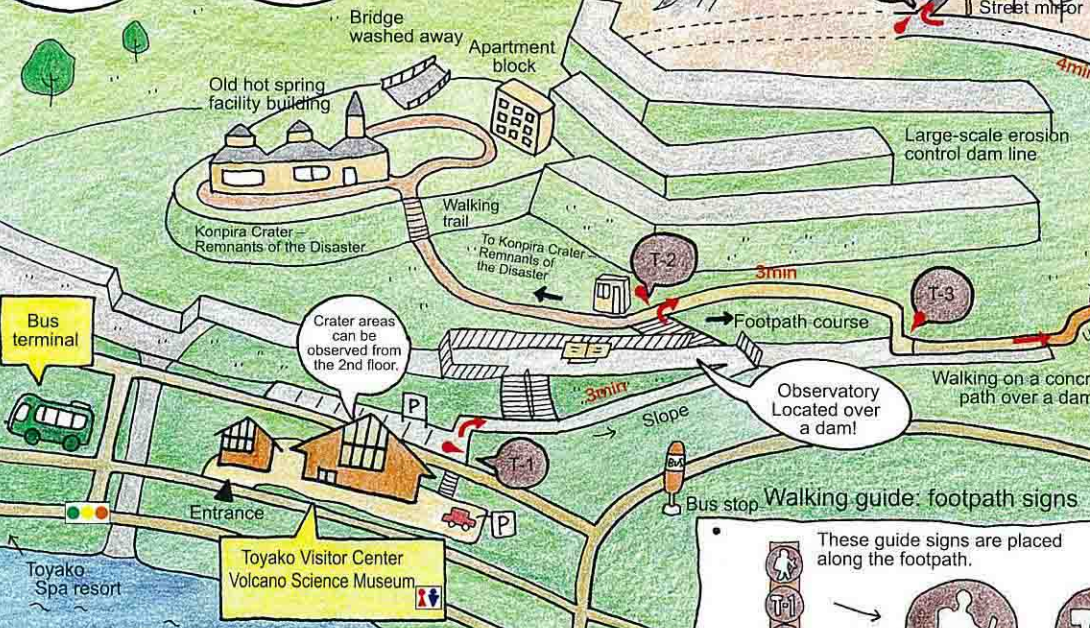

**Mt. Nishiyama**  
Mt. Nishiyama erupted at its lower reaches in 2000. There are approx. 30 craters.

**Yu-kun crater**  
Watch your step. The area is rough with stones.  
The pond is a mysterious emerald green.

**Tama-chan crater**  
Slippery volcanic ash path Watch your step.  
Narrow uphill slope

**Mt. Yotei Nakajima**  
Lake Toya Spa resort  
The view from here stretches as far as Mt. Yotei on clear days.

**Volcano Gallery**  
This building was a fire station.

Walking guide: footpath signs

These guide signs are placed along the footpath.

The letter "T" represents Toyoko Town.

T-1 ~ T-10

Start ~ Goal

In winter (from Nov. to Apr.) Some parts of the routes are closed without notice.

Volcanic smoke and the sea can be seen over the chimney.

Old incinerator

Area close to the fault zone

Former Route 230

Closed after the eruptions of 2000.

This building was a fire station.

The bus runs hourly, and returns to T-1.
