

Rekishi-no-Mori and Ayame River Route

Enjoy a slow, leisurely walk alongside the river stream

The river name, Ayame, comes from the iris flower, which blooms from late May to early June. Nature-rich Ayame river and Date City Museum of History and Culture are a part of Date Rekishi-no-Mori Park. This route entertains walkers with a lot of viewing spots.

*The times listed for each course are rough estimates of the time it would take for an adult to walk them. Start your walk with plenty of time.
